An amazing city

London is a very big city today. It was very big in 1965 too. My grandpa was a boy in London then.

In 1965 London was an exciting place for fashion and music. The fashion industry was new then and there were a lot of small clothes shops. Pop music was also new, and bands like The Beatles were very popular. There were a lot of small cafés. The theatres were busy, and the museums were full of people.

Today some things about London are different. Now there are more big shops and shopping centres. There are many large cafés. The theatres have more music shows today like *Mamma Mia*.
