### Good times

Once upon a time, there was a nine-year-old boy named Leo.

Leo **used to live** in a big city. He **used to hear** cars and buses all day long, and he **used to play** video games in his room every afternoon. He **used to eat** fast food for dinner, and he **used to go** to sleep very late.

Then, one sunny summer, Leo's family moved to a small, quiet village near a forest. At first, Leo was sad because he missed his old life.

"I miss my video games!" Leo thought.

However, things began to change:

- Leo **used to stay** inside all day, but now he loved walking outside.
- He **used to be** afraid of bugs, but now he liked looking at shiny beetles.
- He **used to drink** soda every day, but now he enjoyed drinking cool, fresh water.

One afternoon, Leo built a treehouse in a huge oak tree. He climbed up, sat by the small window, and looked at the green hills. He smiled and thought, "I **used to think** the city was the best place in the world, but now I love my new home."
