

WORKSHEET: RUSSIA

Name: _____ Clas: __ Class: _____ Date: _____

1 READ THE TEXT.

A land of contrasts

Russia is the largest country in the world. It stretches across Europe and Asia and has many different landscapes: wide plains, green valleys, high mountains and long rivers. The Volga is the longest river in Europe, and Lake Baikal is famous for its great depth. Russia is also rich in natural resources, such as forests, minerals, oil and gas. Its history and architecture make the country special. In ancient towns, visitors can explore old streets, wooden churches and beautiful cathedrals. Moscow is known for the Kremlin and its museums, while St Petersburg is famous for its elegant buildings and art collections. In the north, traditional wooden churches show the skill of local builders. Russia's cities, museums and natural landscapes offer a lot to discover. At New Year, families decorate a tree and give presents.
