MATHEMATICS – GRADE 4 WORKSHEET

Topic: Comparing Decimals and Decimal Expressions (<, >, =)

Name: _____ **Date:** _____

Grade & Section: _____ **Score:** _____ / 10

Remember: To compare decimal expressions, solve each side first (if needed) and line up the decimal points. Compare digits from left to right starting with the whole numbers, then tenths, and hundredths. Annex zeros at the end if helpful (e.g., 0.5 = 0.50).

Comparing Decimals

Directions: Compare each decimal equation. Choose the symbol <, >, or =.

1. 0.7 _____ 0.58	**6.** 2.5 + 0.15 _____ 2.60
2. 0.45 _____ 0.450	**7.** 4.8 − 0.5 _____ 4.35
3. 1.23 _____ 1.32	**8.** 1.25 + 0.75 _____ 2.0
4. 3.08 _____ 3.8	**9.** 5.6 − 1.2 _____ 4.04
5. 0.4 + 0.3 _____ 0.70	**10.** 0.9 + 0.08 _____ 1.0
