complete the text with P. S.

Several years ago, I [1]_____ (go) to a dinner party at a colleague's house. When I [2]_____ (arrive), he took my coat and umbrella, and [3]_____ (show) me to my seat at the table. Looking around, I realised that I was the only person from work. Even worse, his friends all [4]_____ (know) each other really well – I [5]_____(try) to join in the conversations, but it [6]_____ (be) hard. However, I [7]_____ (notice) a woman at the other end of the table. I [8]_____ (think) she was beautiful, and I really [9]_____ (want) to talk to her, but she was too far away. Anyway, I was bored after dinner so I [10]_____ (decide) to leave early. I put on my coat, picked up my umbrella, and [11]_____ (walk) to the bus stop. But when I opened the umbrella, I saw it wasn't mine. Just then, I [12]_____ (hear) a voice behind me say, 'I think you've got my umbrella.' I looked round, and it was the beautiful woman from the dinner party. That was ten years ago, and now we're happily married!
