

Student Learning Objective: I Can Say the Sounds for All the Letters

Directions: Ask your child to say the sound for each letter. If your child says the correct sound, write a "y" next to the letter to indicate 'yes.' If the child does not know a correct letter sound, write 'n' for "no" next to the letter. If you find that many letters on the page is distracting, you can make one letter on small sheets or index cards and record the data here.
