

Our Future Careers

Cloze Exercise

Instructions:
Complete the reading passage with the correct words from the word bank. There are 7 words provided, but only 5 words are needed.

Word Bank

architect | delicious | gallery | nurse | pilot | programmer | cozy

Next month, our school will hold a special "Career Day," and every student in our class is excited to share their dreams for the future. We all have different talents, so we will choose very different jobs when we grow up.

Sarah loves drawing and painting, so she will become a famous artist and open her own **(1)** _____. Her best friend, Leo, is great with computers. He will work as a **(2)** _____ and create fun video games for teenagers.

Meanwhile, Maya enjoys helping sick people, so she will study hard to be a caring **(3)** _____ at a big hospital. Near her clinic, Ben will work as a dentist and help children keep their teeth healthy and strong.

Some of my classmates want to design and build amazing things. Noah will be an **(4)** _____ who designs modern, eco-friendly houses, and Mia will become a civil engineer to build safe bridges and fast train stations.

Other students want jobs full of travel and excitement. Liam will fly airplanes around the world as a **(5)** _____, while Emma will open a cozy restaurant and work as a head chef cooking delicious international food.

We know the road ahead will not be easy, but we will practice every day to make our career dreams come true.

Good Luck!
