Class:

1	There are many theories as to so what happened to the	**so**
2	legendary world of Atlantis. Debates on whether or not	✓
3	the ancient civilisation has existed at all have been	
4	going on for decades ago. While some say the island was	
5	an invention of the Greek philosopher Plato, others even	
6	regard Atlantis as having been a real continent that never	
7	was destroyed by a natural disaster.	
8	Those who believe in Atlantis claim them that it was a	
9	highly advanced culture, but are not being sure about its	
10	exact location and size. There are others who think	
11	that Atlantis is an ancient civilisation that may have been	
12	existed in many places on the earth.	
13	Despite of all the theories it is hard to believe that	
14	Atlantis was a lost land and that simply disappeared from	
15	the face of the earth. People, however, like to believe	
16	in mysteries that cannot be explained enough.
