

## ACTIVITY 2: MY EXPECTATIONS FOR THIS YEAR

Hello my name is Rosalinda. I'm fifteen years. I am from Tacna but now I live in Arequipa. My mother and I had to move because my father isn't here; he is with God to take care of us. This year I will study in one of the best schools in Arequipa; it is Nuestra Señora de Lourdes. We started classes on march 10 with a welcome transmitted by Facebook. I felt a little nervous because I am a new student. In the following days I met my tutor, my classmates and teachers. I can say that I enjoyed all that moments because I could know my classmates although in a virtual way.

One of my teachers asked me about my expectations for this year. Actually, I have a lot of expectations. First, I would like to take my classes without problems and learn a lot of things in an interactive way also have a lot of friends to work as a group in the school subjects and to talk and play in our free time. I'm a little shy however I would like to participate at least in one activity that the school will perform. Finally, I would like to finish successfully this year.

This is my second week of my virtual classes, to tell the true I still feel nervous, but I am sure that my classmates and teachers will give me the confidence to feel great!
