E Reading

My classmates' free-time activities

There are twenty-four students in my class. Here is what I know about their free-time activities.

1 _____

25% of the students in my class only do indoor activities. All six of these students watch films and read books. Two of them play chess. Four students aren't interested in sports at all. One student does karate at a sports club.

2 _____

Eight students are interested in outdoor sports. They aren't interested in indoor activities. One student often goes to the skatepark – about five times a week. Six students usually go running. Seven students go cycling one or two times a week. All eight of these students have got bikes. One student usually goes canoeing in the summer. She goes snowboarding in the winter.

3 _____

Of course, there are some activities you can do indoors and outdoors. Half of the students (12) in my class do these activities. Five of them play basketball in the park and in the sports hall. Seven students go swimming in indoor and outdoor swimming pools.

Read the text. Choose the best heading for each paragraph.

Indoor activities	Indoor and outdoor activities	Outdoor activities

Paragraph 1 _____
Paragraph 2 _____
Paragraph 3 _____

/ 3
