   A. Using plastic bags
   B. Saving energy
   C. Cutting more trees
   D. Littering in public
   Answer: [ ]

C. Reading Comprehension - Read the passage and answer. (10 marks)

Plastic pollution is a big problem around the world. Many plastic products are used for only a short time, but they can harm animals, block rivers and oceans, and even hurt human health. We can help by reducing plastic use, reusing items, and recycling properly. Small actions can make a big difference for our planet.
