

The Rain Trick

It was a hot day in summer. Tom felt thirsty and thought it was nice to have a glass of cold beer in a bar. He found one and got in. He sat at one of the tables near the window and ordered a glass of beer. All around him he saw a lot of people eating their lunch. While Tom was drinking his beer, he noticed that it had started raining outside. And he remembered that he had left his umbrella at home. So he decided to take a second glass of beer and wait till the rain stopped. The people in the bar did the same as they didn't want to go out into the rain. An hour passed, but there was no change in the weather. Tom could not wait any longer. He left the bar and stopped in surprise. There was no rain at all. But in front of the bar a fat woman was sitting. She was wetting the pavement to make the people inside the bar believe that it was raining hard in the street. In this way people inside were made to believe it and order more and more food.
