Steve McCurry is 71 years old. He is from Pennsylvania but he travels **frequently** due to his job as a photographer of one of the most famous magazines; *National Geographic*. "Afghan Girl" is one of his greatest portraits.

From Monday to Friday, he gets up at 5:30 a.m., but on the weekends it is different. On Saturdays he **usually** gets up late and goes for a run in the park. **Next**, he has breakfast and reads the newspaper. **After that**, he takes a shower, and **then** he usually goes to the supermarket to buy his food for the week. **Later**, in the afternoon, he goes out for lunch with his friends. **Finally**, in the evening, he sometimes goes to the movies.
