

Part 2

You will hear a speaker on the radio talking about a virus called ebola. For questions **9–18**, fill in the answers.

- 9** What illness kills more people than meningitis?
- 10** In which part of the world does the ebola virus occur?
- 11** How many people died of ebola in 1976?
- 12** When was the last time that anyone died from ebola?
- 13** What is the first symptom of an ebola virus infection?
- 14** What organs are destroyed by the virus?
- 15** Roughly what percentage of its victims die from ebola?
- 16** What can be used to cure or treat it?
- 17** What is the most likely way that the ebola virus is spread?
- 18** What animal is immune to ebola?

Part 3

You will hear five people giving instructions. For questions **19–23**, choose from the list **A–F** where each speaker is. Use the letters only once. There is one extra letter which you do not need to use.

<input type="checkbox"/> A	a dance class		
<input type="checkbox"/> B	a first aid class	Speaker 1	<input type="checkbox"/> 19
<input type="checkbox"/> C	a keep-fit class	Speaker 2	<input type="checkbox"/> 20
<input type="checkbox"/> D	a massage class	Speaker 3	<input type="checkbox"/> 21
<input type="checkbox"/> E	a relaxation class	Speaker 4	<input type="checkbox"/> 22
<input type="checkbox"/> F	a swimming class	Speaker 5	<input type="checkbox"/> 23

Part 4

You will hear part of a radio programme in which the mother of a young tennis champion, Declan Murphy, talks about nutrition. For questions **24–30**, decide which of the statements are **TRUE** and which are **FALSE**. Write **T** for **TRUE** or **F** for **FALSE** in the box provided.

24	Mrs Murphy has been invited to speak on the programme because she's an expert on nutrition.	<input type="checkbox"/> 24
25	She believes that bad eating habits start from birth.	<input type="checkbox"/> 25
26	She thinks that grandparents often harm children without intending to.	<input type="checkbox"/> 26
27	As a child, her son was allowed a limited quantity of sugar.	<input type="checkbox"/> 27
28	Mrs Murphy believes that vitamins make children grow taller.	<input type="checkbox"/> 28
29	When Declan was a child, all his food intake was controlled by his mother.	<input type="checkbox"/> 29
30	Declan has now changed his eating habits.	<input type="checkbox"/> 30

Part 1

You will hear people talking in eight different situations. For questions 1–8, choose the best answer, **A**, **B** or **C**. You will hear each short passage twice.

1 Listen to two people talking over a meal. Why doesn't the woman want bread?

- A** She's trying to lose weight.
- B** She doesn't eat it with the food that they're having.
- C** She's allergic to it.

1

2 You overhear a doctor talking to a woman in the emergency ward. What is the matter with her child?

- A** He has broken a bone.
- B** He has hit his head.
- C** He has food poisoning.

2

3 You hear a man and woman discussing the man's visit to an acupuncturist. Why did he go?

- A** for a general check-up
- B** to learn to relax
- C** to help him stop smoking

3

4 You hear a doctor talking on the radio. What is she describing?

- A** how to improve your digestion
- B** the best method of taking pills
- C** how different drinks affect your calorie intake

4

5 Listen to a conversation in a doctor's surgery.

Why is the doctor annoyed with the patient?

- A** She visits him unnecessarily.
- B** She is ungrateful for his help.
- C** She ignores his advice.

5

6 You hear a husband and wife talking. What feeling does the wife express?

- A** caution *absayınmasın*
- B** fear
- C** anger

6

7 You hear a radio report about the infectious disease, *measles*. What is the conclusion?

- A** It is safer not to immunise children against measles.
- B** It is safer to immunise all children against measles.
- C** It makes no difference whether children are immunised or not.

7

8 Listen to a conversation between a boy and his sister. Why is he worried about her?

- A** She studies too hard.
- B** She diets too much.
- C** She has an overactive imagination.
