

I don't wanna die or fade away			
I just wanna be someone	disappear	I nevernobody and no road home (I don't have)	come
I just wanna be someone	believe	I wanna be somebody to someone (somebody)	goes
Dive andwithout a trace	somebody	And if the sunsetting, the skycold	get
I just wanna be someone	feel	Then if the clouds heavy and start to fall	starts
Well,..... everyone?	somebody	I really need somebody to my own	call
And if youthe great dividing	doesn't	I wanna be somebody to someone	had
I wanna be the one you're guiding	get	Someone to you	goes
'Cause I that you could lead the way	goes	Someone to you	nobody
I just wanna be..... to someone, oh	call	Someone to you	get
I wanna beto someone, oh	starts	Someone to you	somebody
I never had and no road home	change	The kingdom, the rise, the fall	starts
I wanna be somebody to someone	falling	The setting sun above it all	somebody
And if the sunsetting, the sky cold	shine	I just wanna be somebody to you	
Then if the cloudsheavy and start to fall	nobody	I just wanna beto someone, oh	
I really need somebody to my own	calling	I wanna beto someone, oh	
I wanna be somebody to someone		I never hadand no road home	
Someone to you		I wanna be somebody to someone	
Someone to you		And if the sunsetting, the skycold	
Someone to you		Then if the cloudsheavy and start to fall	
Someone to you (someone to you)		I really need somebody to call my own	
I don't even need tothe world (change, change the world)		I wanna be somebody to someone	
I'll make the moon just for your view		Someone to you	
I'll make the starlight circle the room (circle the room)		Someone to you	
And if you feel like night is		Someone to you	
I wanna be the one you're		Someone to you	
'Cause I believe that you could lead the way			
I just wanna be somebody to someone, oh (somebody)			
I wanna be somebody to someone, oh
