This interface is designed for a grammar sorting activity. It features four vertical columns at the top, each representing a part of speech: NOMBRE (purple), ADVERBIO (red), VERBO (blue), and ADJETIVO (green). Below these columns is a grid of 15 words in purple boxes. The words are arranged in three rows of four, with the last row containing only three words. The words are: LEJOS, MANANTIAL, MI, DESDE, PARAGUAS, BAILAR, QUIZÁS, LOCO, SOSO, AQUELLAS, HACIA, MUY, VERDE, NUNCA, and DISFRUTAR. The goal is to drag each word into the correct column based on its grammatical category.
