

It's a white elephant	clear and simple
See a pink elephant	be sad
White lie	rarely; seldom
White as sheet	pricey and useless
Black and white	suddenly; without warning, unexpectedly
Black out	tell a lie not to hurt sb's feelings
Black sheep	imagine things
Feel blue	be the bad in a group
Out of the blue	faint; lose consciousness
Once in a blue moon	good at gardening
Yellow belly	coward
Green fingers	unclear
Green with envy	owe to the bank; be in debt
Give the green light	get angry
Catch red handed	be frightened
Red faced	caught committing a crime
Be in the red	embarrassed
See red	with excellent grades
Gray area	jealous
With flying colours	allow, authorize
