I. Read the text and answer the questions:

(10p.)

Books

Don't you think books are the best thing in the world? I can't remember a time in my life when I wasn't reading a book. I still have memories of being in my school library when I was about five years old. I have been a bit of a bookworm since then. You'll usually see me with my head buried in a book. I love all kinds of books. Novels are great for getting to know other worlds and cultures. A good book is one where you never want the story to end. I also like autobiographies because I think it's interesting to read about people's lives. Encyclopedias are cool too – you can learn everything about everything in these. I still prefer books to the Internet. Books need to be in your hand and made of paper.
