**B. Read the following text.**

Jakarta is well known for its traffic jams around the city at almost any hour on any day. Using public transportation to avoid traffic jams is more efficient than driving our own vehicles. There are many types of public transportation in Jakarta, such as the TransJakarta, the Commuter Line Jabodetabek (more commonly known as the commuter train), a *mikrolet*, which is a mini bus, and if you want to go to Soekarno Hatta International Airport you can a SHIA Express Train. If you want to take a private car or motorcycle you can use online transportation from private companies such as Gojek and Grab.
