Look at my new *flat* . It's got two s, so you can come and stay with me if you want. The is also the living room, so I can eat and watch TV at the same time. The is small, but it's OK for cooking. It's got a fridge and a cooker. There isn't a – when you open the door, you walk into the living room. The has a shower, not a bath. That's not a problem for me. But the best thing is the big . I can sit outside there and relax. It's really nice.
