

# Would or used to...

**FILL IN THE GAPS WITH USED TO OR WOULD. USE WOULD WHEN IT'S POSSIBLE**

When I was young we \_\_\_\_\_ (live) in a small village called "Cabeza del Buey".

Some years later we moved to a bigger town, but we still \_\_\_\_\_ (go) there once a year because we love it.

On summer mornings we go out of the house to play with our friends. I \_\_\_\_\_ (have) breakfast and then quietly I \_\_\_\_\_ (go) fishing every morning because I love it.

We \_\_\_\_\_ (spend) hours fishing in a small boat belonging to my grandmother. My brother \_\_\_\_\_ always \_\_\_\_\_ (know) the names of all the different types of fish that were in the river. Sometimes we \_\_\_\_\_ (fall) asleep in the boat and our father \_\_\_\_\_ (come) to find us, but dad \_\_\_\_\_ (not /get) angry because he had done the same when he was a kid.

I \_\_\_\_\_ (be) a really sporty person! But now things have changed and I am not keen on doing exercise. When I was at school, I \_\_\_\_\_ (run) for an hour every morning before breakfast and at weekends I \_\_\_\_\_ (go) trekking through the wood.

It was great fun! At that time I \_\_\_\_\_ (like) to spend at least two hours playing tennis every day t now , I spend the whole day lying on the couch and channel surfing.
