Dear students

Hope you are safe and healthy! I am doing fine. ☺ I has a new house to work on so i have plenty to do. I am keeping busy so I don't get board. Projects, Projects Projects!

Remember when we did the paragraph correction papers for morning work i am going to try creating those type of paragraphs using the interactive website. As before in class, look over the paragraph and cheek my work. I may have made an grammar mistake, a punctuation mistake, a spelling mistake or a writing format mistake (such as indention or a wrong placement in a letter). I will tell you the number of mistakes in each paragraph. There are 13 mistake in this paragraph. Can you find them

Good luck,

Ms. Sadler

P.S. Can you find the context clue for the underlined word?
