

My best friend is happy. She works in the week and at the weekend she **is spending / will spend** time with her boyfriend.

My mum **was always having / would always have** a cup of coffee when she came home from work.

He **will work / is working** until late on most days.

When I was a child we **were going / would go** to Croatia on holiday every year.

My sister **is always leaving / will always leave** smelly socks on the floor.

Friday evenings in our family are great. We **will watch / are watching** a good movie together and have fun.

I **used to really / would really** hate waking up early for school but now I can't stay in bed very long.

They **are forever asking / will forever ask** me to tidy my room. It's really annoying.

I **didn't use to / didn't used to** play chess.
