

10 Things People Should Do Before Travelling

1. Travel insurance will save you money when it comes to any unpredictable medical expenses. **Choose and buy the right insurance.**
2. The weather can determine what activities are on, what places will be open or close. **So, check the weather forecast.**
3. Blogs are a great way to learn from in-depth, personal experiences. **Read some travel blogs.**
4. Plan your trip. You should know the places you are going to visit.
5. Prepare your camera. You will definitely want to take great photos.
6. **Check your travel documents**, including your passport and travel insurance policy.
7. You will feel more confident if you know where you stay. **Book your accommodation in advance.**
8. Having great luggage is more important than you might think! **Pack your luggage right and light.**
9. **Don't leave your phone at home!** It is really important to call at any time.
10. **Don't forget to take your phone charger with you.**
