

I **love** to read.

I love to read books  
anywhere but **mainly**  
at home.

I love to read  
them when I am  
**bored and alone.**

**I love to read  
because it makes  
me smile.**

I love to read **books**  
While playing with  
**Big Ted.**

I love to read books  
when **lying** in bed.

I love to **read** even  
it takes a long while.
