

Kutichipay (Responda)

1. Elija la respuesta correcta sobre las Capas de la Tierra.

The central image shows a person holding a globe, with three arrows pointing downwards from the globe to three separate boxes. Each box contains a different image related to Earth's layers:

- The first box (orange border) contains an image of a cross-section of the Earth showing the crust, mantle, and core.
- The second box (blue border) contains an image of a landscape with a small globe in the foreground.
- The third box (blue border) contains an image of a view from space, showing the Earth and clouds.

2. Complete las siguientes oraciones.

- La **hidrosfera** es la capa de _____ que cubre la mayor parte de la superficie terrestre.
- La _____ es la capa de aire que rodea a la tierra.
- La _____ es la capa superficial sólida de la Tierra, caracterizada por su rigidez.
