

FRACCIONES EQUIVALENTES

Las fracciones equivalentes son aquellas que representan la misma cantidad.

$$\frac{2}{5} = \frac{4}{10}$$

1. Mira atentamente y completa las siguientes fracciones equivalentes según corresponda.

$$\frac{1}{2} = \frac{2}{4} = \frac{3}{\underline{\quad}} = \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} = \underline{\quad} \quad \underline{\quad} = \underline{\quad}$$

$$\underline{\hspace{1cm}} = \underline{\hspace{1cm}} = \underline{\hspace{1cm}}$$

$$\underline{\hspace{1cm}} = \underline{\hspace{1cm}} = \underline{\hspace{1cm}}$$
