The diagram is a circle divided into four equal quadrants, each representing a season. The top-left quadrant is labeled 'Winter' and features a blue background with white snowflakes, stars, and evergreen trees. The top-right quadrant is labeled 'Spring' and features a light blue background with butterflies, flowers, and a rainbow. The bottom-left quadrant is labeled 'Autumn' and features a brown background with falling orange and yellow leaves and clouds. The bottom-right quadrant is labeled 'Summer' and features a yellow background with cherries, strawberries, and watermelon slices. Surrounding the circle are empty boxes for labeling months: three blue boxes on the left, three green boxes on the right, three orange boxes on the bottom-left, and three yellow boxes on the bottom-right. The month 'January' is already written in the top-left blue box.
