Dear Marnie,

The other day, I got my exam results and I was so happy to find out that I passed with flying colours. But when I rang my friend to arrange a night out to celebrate, I found out that she had done really badly. She's really mad and doesn't want to go out. It's really awkward because I did so well, and I'm sad we can't go out and paint the town red. What should I do to make her feel better?
