

Vertebrates

1. Drag and drop in the corresponding place

2. Drag and drop in the corresponding lines. There are five groups of vertebrates:

Fish

Birds

Amphibians

Mammals

Reptiles

The diagram shows five empty boxes for animal groups: Fish, Birds, Amphibians, Mammals, and Reptiles. Between these boxes are five images of animals: a lizard, a deer, a bird, a fish, and a frog. The task is to drag and drop each animal into its corresponding category box.
