

DIVISIÓN Y COMPROBACIÓN

1. Resuelva las siguientes divisiones y realice su comprobación

A 6x6 grid representing a crossword puzzle. The top row contains numbers 1, 5, 6, 3, 6, 6. Red horizontal bars are placed under the first three columns of the second row, the next two columns of the third row, and the last two columns of the fourth row. A thick orange vertical bar separates the first five columns from the sixth column.
