

Törték szorzása természetes számmal - egyszerűsítéssel

A megadott példa alapján végezd el az egyszerűsítéseket,
majd végezd el a szorzást! (füzetet használhatsz segítségnek)

$$\frac{9}{32} * 8 = \frac{9}{4} * 1 = \frac{9}{4}$$

$$\frac{4}{15} * 5 = \underline{\hspace{2cm}} * \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

$$\frac{7}{22} * 11 = \underline{\hspace{2cm}} * \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

$$\frac{6}{40} * 8 = \underline{\hspace{2cm}} * \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

$$\frac{7}{18} * 9 = \underline{\hspace{2cm}} * \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

$$\frac{7}{18} * 12 = \underline{\hspace{2cm}} * \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

$$\frac{3}{8} * 6 = \underline{\hspace{2cm}} * \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

$$\frac{6}{20} * 15 = \underline{\hspace{2cm}} * \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

$$\frac{9}{40} * 16 = \underline{\hspace{2cm}} * \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

$$\frac{3}{45} * 15 = \underline{\hspace{2cm}} * \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

$$\frac{2}{11} * 66 = \underline{\hspace{2cm}} * \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

$$\frac{5}{24} * 6 = \underline{\hspace{2cm}} * \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

$$\frac{7}{36} * 4 = \underline{\hspace{2cm}} * \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

$$\frac{12}{26} * 13 = \underline{\hspace{2cm}} * \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

$$\frac{5}{16} * 12 = \underline{\hspace{2cm}} * \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

$$\frac{3}{21} * 14 = \underline{\hspace{2cm}} * \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

$$\frac{1}{21} * 49 = \underline{\hspace{2cm}} * \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

$$\frac{7}{22} * 55 = \underline{\hspace{2cm}} * \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$
