

Go Green (Listening)

Friday, 16 April 2021

S

Read the text below.

Let's listen.

Listen to Encik Hakimi's explanation on recycling bins.

The 3R Campaign signifies "reduce, reuse, and recycle". Under the campaign, three-coloured waste separation bins or better known as 'recycling bins' are provided. The recycling bins are placed at housing estates, schools, and public places to collect waste such as paper, aluminium, and plastic for recycling purposes.

The blue bin is used to dispose of paper. Recyclable items such as newspapers, magazines, and cardboard boxes can be disposed of here. Glass items like bottled drinks, perfumes bottles, and glasses can be disposed of into the brown bin. The orange bin is used to dispose of aluminium and plastic waste. The waste includes soft drink cans and food product tins.

Listening and Speaking

Click the trash bin. Listen and answer.

Listen to Encik Hakimi's explanation again and categorise the items mentioned in the respective bins.

Click on the speech bubble. Listen and write your answer.

Ask and answer questions based on the information above.

What does 3R mean?

Where can you find recycling bins?

How many coloured recycling bins are introduced?

3R means

They can
