

Tangled Up

Caro Emerald

I ----- the perfect avenue, down the ----- to both of you
Did I go dutch?
This is too much!
With all the ----- in the world
You could -----buy this girl
Quite enough, it will be -----
If romancing me with neons is something you ----- do
May the letters write in luminous, in-lou
And get me wicked up
----- it up
Tangled up
You could be breaking up,----- up
Tangled up
You can't be faking it,
Making it from my -----
With all this tragedy, don't get me tangled up
I can't separate your -----,
To me you're acting like you're twins
This is a -----,
Is this a test?
How many ----- do I get?
Till only one of you is left
You're quite the same,
If love's the gain
I ----- to see emotions coloring the sky
To the point it will make me wanna -----
And get me wicked up
Shake it up...
