My favourite sport

by Raisa

I do lots of exercise. I visit the gym, play football and have boxing lessons. I enjoy all these activities, but my favourite sport is skiing.

I only go skiing in winter when there is lots of snow. I go to Shymbulak ski resort near Almaty with my family. You can have lessons there, try jumps or even go night skiing. I have lessons every day and I'm quite good. I've got my own goggles, helmet and clothes, but I borrow skis from the resort.

I love skiing because it's fast and fun. There's always something new to learn, and the views are beautiful.
