Natural Resources

1 Watch:

- **Natural resources are things that are found in nature that are useful to people.**

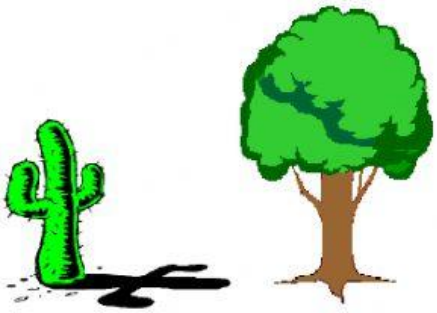

- **We need natural resources to live. Natural resources are things that people and animal can't live without.**

- Water is a natural resource. We cannot live without it!

LIVEWORKSHEETS

- Other natural resources are plants and soil.

- Animals and fish are also natural resources.

- Some natural resources like oil and coal will be used up if we are not careful.

- Natural resources can be made into things we use.
