Name: _____

Comparing Data Displayed in Box Plots

Choose correct words to complete the Box Plot mind map.

The tables show the ages of random samples of 11 students at two different secondary schools.

MAS Integrated School	Carib Christian School
16,13,15,10,11,14,12,16,13,17,10	11,20,19,11,10,14,16,16,15,14,18

Fill in the boxes with the data from least to greatest. Then calculate the values in the table below.

Minimum	
Quartile 1	
Quartile 2 (Median)	
Quartile 3	
Maximum	

Minimum	
Quartile 1	
Quartile 2 (Median)	
Quartile 3	
Maximum	

According to the problem above, match the box plot to the corresponding school.

MAS Integrated School

Carib Christian School

[_____] School

[_____] School

student's age

student's age
