

This is Mary.

Mary is a nurse. She works at a local hospital. She works shifts. When she _____ (have to) work a night shift, she _____ (not sleep), she _____ (stay) up all night. When patients _____ (need) help, they _____ (press) a red button above their beds and a bell _____ (ring) in the nurses' room. When Mary _____ (hear) the bell, she _____ (go) to the patient's room to check what is wrong.

After such a night shift, Mary is usually pretty tired. When she _____ (get) home, she _____ (have) a shower, something to eat and she _____ (go) straight to bed.
