Score:

100**Choose the correct answer and answer the question.**

	push	pull
	push	pull
	push	pull
	push	pull
	push	pull

How to make an object moves away from us? _____

What will happen if you push an object hardly? _____

Choose the correct answer and answer the question.

	push pull
	push pull
	push pull
	push pull
	push pull

How to make an object moves closer to us? _____

What will happen if you pull an object slowly? _____

Write each activity in the diagram below.

A **push** is a force that moves something farther away.

A **pull** is a force that moves things closer.

Sometimes we pull things and sometimes we push them.

Sometimes we do both!

ring a doorbell

cut with scissors

hammer

erase

rake leaves

zip a zipper

hit a ball

get a tissue

Self reflection: (tick ✓ the picture)

**I can do the task
by myself**

**I need a little
help**

**I need a lot
of help**
