

# A2 Key: Listening

## PART 2

You have to **identify key information** in five short dialogues and **match** the items in **two lists**.

- You can choose an answer **only once**, and you don't need to use two of the answers.
- **Listen carefully.** You may hear more than one of the words or phrases on the list for one question. Make sure you have listened carefully before you choose.
- You will listen the recording **two times**:
  1. During the first listening, try to **listen for specific information** and **choose the best option**.
  2. Use the second listening to **check** if your answer is correct.

## PRACTICE

- In the second list, **the words you hear are often different from the words you read**.  
Match each activity (1-5) with another way of describing that activity.
