The wolf an iconic animal that has found itself in folklore, is the
direct ancestor of dogs. However dogs have lived for centuries with
humans and have lost many of their wolf like qualities. Huskies and
German shepherds are probably the few breeds of dogs which closely
resemble the wolf. Wolves heads are much larger compared to their
body size than dogs. Having a larger brain wolves are smarter.

Mother smiled. "Finally, Emma! Well done I thought for a
while you were not taking this seriously but now I see that you have
taken in the main lesson of this story I am proud of you, young
lady." "Thanks, mom. You're the best." Emma got up and hugged
her mother right then in the chair. "Im going now for a bite,
I'm starving and it's already eigth forty five"
