PART FOUR – LISTENING

Learning Strategy: sequence understanding

Listen to the following myth and number the pictures in the logical order:

Pandora was given a box or a jar, called “pithos” in Greek. Gods told her that the box contained special gifts from them, but she was not allowed to open the box ever.

Pandora was trying to tame her curiosity, but at the end she could not hold herself anymore; she opened the box and all the illnesses and hardships that gods had hidden in the box started coming out.

Pandora was, according to the myth, the first woman on Earth. She was created by Gods; each one of them gave her a gift, thus, her name in Greek means “the one who bears all gifts”.

According to Hesiod Hope indeed stayed inside because that was Zeus’ will; he wanted to let people suffer in order to understand that they should not disobey their gods.

Pandora was scared, because she saw all the evil spirits coming out and tried to close the box as fast as possible, closing Hope inside.
