

MULTIPLICACIÓN POR NÚMEROS DE UNA CIFRA

The image shows three multiplication problems arranged on a grid background. Each problem consists of a multiplicand, a multiplier, and a horizontal line indicating the product line.

- Top Left Problem:** The multiplicand is 835 and the multiplier is 6. The multiplier 6 is positioned below the 5 of 835. The multiplication symbol 'x' is to the left of the 8.
- Top Right Problem:** The multiplicand is 3176 and the multiplier is 9. The multiplier 9 is positioned below the 6 of 3176. The multiplication symbol 'x' is to the left of the 3.
- Bottom Center Problem:** The multiplicand is 20847 and the multiplier is 7. The multiplier 7 is positioned below the 7 of 20847. The multiplication symbol 'x' is to the left of the 2.
