Class: .....

## Independent Practice

**Algebra** Write an equation with a letter for the unknown.  
Then solve.

3. What is the mass of two of these books?

$$363 + 363 =$$

4. The golf ball has a mass of 45 g.  
What is the mass of the baseball?

$$190 - 45 =$$

5. What is the mass of one of these dominoes?

$$66 \div =$$

**Algebra** Find each unknown.

6. ■ kilograms  $\times 9 = 63$  kg

The unknown is \_\_\_\_\_.

7. 392 grams + ■ grams = 523 g

The unknown is \_\_\_\_\_.

8. 932 grams - ■ grams = 149 g

The unknown is \_\_\_\_\_.

9. 60 kilograms  $\div$  ■ = 6 kg

The unknown is \_\_\_\_\_.
