♥ My name's Luna. I'm thirteen. I've got one dog and three sisters. We are Peruvian and we live in a small house near Lima. My father is a Geography teacher and he works at university. My mother is a translator and luckily, she works in an office!

♥ I live in a flat with my grandfather, my mother and my two sisters. I love living in the city because there are plenty of cars and shops. Obviously, there aren't any parks around, but it doesn't matter because I don't like riding my bike.

3

♥ I love my bedroom. It is small and warm and I share it with my cousin. There are three beds: one for me, one for my cousin and one for any of our friends. There is a big sofa near the window and I always study there. My cousin prefers studying in the garage because there is a music player and she can listen to music. How can she concentrate?
