CARDINAL POINTS

- **The cardinal points** are universal references that people use to guide on a place.
- **The cardinal points** are north, south, east and west.
- **The compass** is an instrument used as a guide that helps us moving from one place to another.

Reading a Map

- Drag and drop the squares on the compass rose: **N** **S** **E** **W**
- Choose N, S, E or W according to the image:

The rowboats are **W** **E** of the campfire.

The camping trailers are **N** **S** of the tents.

The cabins are **W** **E** of the tents.

The campfire is **N** **S** of the camping trailers.

The island is **W** **E** of the cabins.
