

## The Impossible Dream

To dream the impossible dream

To fight the unbeatable foe / toe / bow

To bear with unbearable sorry / sorrow / borrow

To run where the brave dare / bare / bear not go

To \_\_\_\_\_ the un-rightable wrong

To \_\_\_\_\_ pure and chaste from afar

To \_\_\_\_\_ when your arms are too weary

To \_\_\_\_\_ the unreachable star

This is my rest / quest / best,

To follow / borrow / hollow that star

No matter how helpless / hopeless / headless,

No matter how fast / far / firm.

To \_\_\_\_\_ for the right

Without \_\_\_\_\_ or pause,

To be willing to \_\_\_\_\_

Into hell for a \_\_\_\_\_ cause.

And I know if I'll only be true / two / too  
To this glorious rest / quest / best  
That my heart will lie peaceful and calm / balm / talk  
When I'm laid to my rest / quest / best

And the world will be \_\_\_\_\_ for this  
And one man, sore and \_\_\_\_\_ with scars  
Still strove with his last ounce of \_\_\_\_\_  
To fight the \_\_\_\_\_ foe  
To reach the \_\_\_\_\_ star
