Ecovative Furniture

Everyone knows people ¹ eat vegetables to be healthy. But do you know we ² also make furniture with vegetables? A company in New York makes furniture from vegetables. The company, Ecovative, is the winner of the Postcode Lottery Green Challenge, a competition for green inventions. Most people ³ buy this furniture because it is very expensive. However, they ⁴ buy a grow-it-yourself kit and make furniture themselves. How do you make the furniture? First, choose the type of furniture to make. You ⁵ choose a big item the first time – start with something small. To begin, mix the vegetable ingredients with some water and salt and put it inside a mould. You ⁶ remove the mixture until it is hard. Then, you ⁷ bake your furniture in the oven until it becomes as strong as wood. Finally, you ⁸ show your creation to all your friends.
