

# DIGESTIVE SYSTEM

NAME:

1. Listen and number the organs of the digestive system. Then, match the label to the organ.

mouth

oesophagus

intestines

teeth

stomach

2. Circle / Choose the correct word in red.

The **respiratory** / **digestive** system gets **nutrients** / **oxygen** from food. We need nutrients for **growth** / **sleep** and staying alive.

3. Read and number the sentences in order.

Then, it arrives to the stomach.

The intestines absorb the nutrients.

The food goes down the oesophagus.

In the mouth, the teeth chew the food and then, we swallow it.

4. Say and write the words.
