

Math Activity
Counting Money

We studied these 2 coins yesterday:

A dime is equal to 10 cents 10¢

A nickel is equal to 5 cents 5¢

A quarter is equal to 25 cents 25¢

Now we are going to study one more: a penny = 1 cent

penny
1 cent
\$0.01

A penny is very small, the color is different, it's not silver.

1¢

There are 2 more coins:

Half Dollar
A fifty cent coin 50 ¢

\$1 dollar coin \$1,00

Ordering coins

These coins are in order, starting with the smallest.

5¢ is less than 10¢. 10¢ is more than 5¢.
 10¢ is less than 25¢. 25¢ is more than 10¢.
 25¢ is less than 50¢. 50¢ is more than 25¢.
 \$ is worth the most.

Exercise 1: drag the coins to the lines, putting them in the right order, starting with the smallest value:

a)

b)

c)
